**DISTILLERS NOTES:** Just one sip of Mischief Barrel Finished Gin is so good - even those who don't like gin, love it. Imagine how Gin lovers feel.

Rooted in the Pacific Northwest, our Gin is made from soft winter wheat sourced in the Skagit & Willamette Valleys. We infuse the finest hearts of our small batch distillation with all-natural botanicals...floral coriander balancing juniper; sweet with warm peppers & light woody vanilla to create the essence of a beautiful gin. Then the alchemy! A once used Mischief Rye whiskey barrel transforms this Gin; softer now, supple. Savor it slowly as though searching for treasure.

You'll discover pure “Gold”
